- 2.2.3. Applicants shall be presumed to be in agreement with the terms and conditions of the RFA and the sample contract in Appendix B, unless Applicant takes specific exception to one or more conditions through specifying these on Appendix A. For instructions see Appendix A.

### **2.3. Compliance**

- 2.3.1. Applicants must be in compliance with applicable federal and state laws, rules and regulations, and applicable policies and procedures adopted by the Department of Health and Human Services currently in effect, and as they may be adopted or amended during the contract period.
- 2.3.2. Culturally and Linguistically Appropriate Standards

- 2.3.2.1. The New Hampshire Department of Health and Human Services (DHHS) is committed to reducing health disparities in New Hampshire. DHHS recognizes that culture and language can have a considerable impact on how individuals access and respond to health and human services. Culturally and linguistically diverse populations experience barriers in their efforts to access services. As a result, DHHS is strongly committed to providing culturally and linguistically competent programs and services for its clients, and as a means of ensuring access to quality care for all. As part of that commitment DHHS continuously strives to improve existing programs and services, and to bring them in line with current best practices.
  - 2.3.2.2. DHHS requires all Vendors and sub-recipients to provide culturally and linguistically appropriate programs and services in compliance with all applicable federal civil rights laws, which may include: Title VI of the Civil Rights Act of 1964, the Americans with Disabilities Act of 1990, the Age Discrimination Act of 1975, and the Rehabilitation Act of 1973. Collectively, these laws prohibit discrimination on the grounds of race, color, national origin, disability, age, sex, and religion.
  - 2.3.2.3. There are numerous resources available to help recipients increase their ability to meet the needs of culturally, racially and linguistically diverse clients. Some of the main information sources are listed in the Bidder's Reference Guide for Completing the Culturally and Linguistically Appropriate Services Section of the RFP, and, in the Vendor/RFP section of the DHHS website.
  - 2.3.2.4. A key Title VI guidance is the National Standards for Culturally and Linguistically Appropriate Services in Health Care (CLAS Standards), developed by the U.S. Department of Health and Human Services in 2000. The CLAS Standards provide specific steps that organizations may take to make their services more culturally and linguistically appropriate. The enhanced CLAS standards, released in 2013, promote effective communication not only with persons with Limited English Proficiency, but also with persons who have other communication needs. The enhanced Standards provide a framework for organizations to best serve the nation's increasingly diverse communities.
  - 2.3.2.5. Applicants are expected to consider the need for language services for individuals with Limited English Proficiency as well as other communication needs, served or likely to be encountered in the eligible service population, both in developing their budgets and in conducting their programs and activities.
- 2.3.3. Successful Applicants will be:

- 2.3.3.1. Required to submit a detailed description of the language assistance services they will provide to LEP persons to ensure meaningful access to their programs and/or services, within 10 days of the date the contract is approved by Governor and Council; and
- 2.3.3.2. Monitored on their Federal civil rights compliance using the Federal Civil Rights Compliance Checklist, which can be found in the Vendor/RFP section of the DHHS website.
- 2.3.4. The guidance that accompanies Title VI of the Civil Rights Act of 1964 requires recipients to take reasonable steps to ensure meaningful access to their programs and services by persons with Limited English Proficiency (LEP persons). The extent of an organization's obligation to provide LEP services is based on an individualized assessment involving the balancing of four factors:
  - 2.3.4.1. The number or proportion of LEP persons served or likely to be encountered in the population that is eligible for the program or services (this includes minor children served by the program who have LEP parent(s) or guardian(s) in need of language assistance);
  - 2.3.4.2. The frequency with which LEP individuals come in contact with the program, activity or service;
  - 2.3.4.3. The importance or impact of the contact upon the lives of the person(s) served by the program, activity or service; and
  - 2.3.4.4. The resources available to the organization to provide language assistance.
- 2.3.5. Applicants are required to complete the TWO (2) steps listed in the Appendix C to this RFA, as part of their Application. Completion of these two items is required not only because the provision of language and/or communication assistance is a longstanding requirement under the Federal civil rights laws, but also because consideration of all the required factors will help inform Applicants' program design, which in turn, will allow Applicants to put forth the best possible Application.
- 2.3.6. For guidance on completing the two steps in Appendix C, please refer to Bidder's Reference Guide for Completing the Culturally and Linguistically Appropriate Services Addendum of the RFA, which is posted on the DHHS website. <http://www.dhhs.nh.gov/business/forms.htm>.

## **2.4. Non-Collusion**

- 2.4.1. The Applicant's required signature on the Transmittal Cover Letter for an Application submitted in response to this RFA guarantees that the prices, terms and conditions, and services have been established without collusion with other Applicants and without effort to preclude DHHS from obtaining the best possible Application.

## **2.5. Applicant Withdrawal**

- 2.5.1. Prior to the Closing Date for receipt of Applications, an Application may be withdrawn by submitting a written request for its withdrawal to Procurement Coordinator identified in Section 3.5.1.

## **2.6. Public Disclosure**

- 2.6.1. The content of each Application and addenda thereto will become public information once the Governor and Executive Council have approved a contract. In addition, in accordance with RSA 9-F:1, any contract entered into as a result of this RFA will be made accessible to the public online via the website Transparent NH ([www.nh.gov/transparentnh/](http://www.nh.gov/transparentnh/)). Accordingly, business financial information and proprietary information such as trade secrets, business and financials models and forecasts, and proprietary formulas may be exempt from public disclosure under RSA 91-A:5, IV.
- 2.6.2. Insofar as an Applicant seeks to maintain the confidentiality of its confidential commercial, financial or personnel information, the Applicant must clearly identify in writing the information it claims to be confidential and explain the reasons such information should be considered confidential. This should be done by separate letter identifying by page number and Application section the specific information the Applicant claims to be exempt from public disclosure pursuant to RSA 91-A:5.
- 2.6.3. Each Applicant acknowledges that DHHS is subject to the Right-to-Know Law New Hampshire RSA Chapter 91-A. DHHS shall maintain the confidentiality of the identified confidential information insofar as it is consistent with applicable laws or regulations, including but not limited to New Hampshire RSA Chapter 91-A. In the event DHHS receives a request for the information identified by an Applicant as confidential, DHHS shall notify the Applicant and specify the date DHHS intends to release the requested information. Any effort to prohibit or enjoin the release of the information shall be the Applicant's responsibility and at the Applicant's sole expense. If the Applicant fails to obtain a court order enjoining the disclosure, DHHS may release the information on the date DHHS specified in its notice to the Applicant without incurring any liability to the Applicant.

## **2.7. Non-Commitment**

- 2.7.1. Notwithstanding any other provision of this RFA, this RFA does not commit DHHS to award a Contract. DHHS reserves the right to reject any and all Applications or any portions thereof, at any time and to cancel this RFA and to solicit new Applications under a new Application process.

## **2.8. Liability**

- 2.8.1. By submitting an Application in response to this RFA, an Applicant agrees that in no event shall the State be either responsible for or held liable for any costs incurred by an Applicant in the preparation or submittal of or otherwise in connection with an Application, or for work performed prior to the Effective Date of a resulting contract.

## **2.9. Request for Additional Information or Materials**

- 2.9.1. During the period from date of Application submission to the date of Vendor selection, DHHS may request of any Applicant additional information or materials needed to clarify information presented in the Application. Key personnel shall be available for interviews.

## **2.10. Oral Presentations and Discussions**

- 2.10.1. DHHS reserves the right to require some or all Applicants to make oral presentations of their Application. Any and all costs associated with an oral presentation shall be borne entirely by the Applicant.

## **2.11. Contract Negotiations and Unsuccessful Applicant Notice**

- 2.11.1. If an Applicant(s) is selected, the State will notify the successful Applicant(s) in writing of their selection and the State's desire to enter into contract negotiations. Until the State successfully completes negotiations with the selected Applicant(s), all submitted Applications remain eligible for selection by the State. In the event contract negotiations are unsuccessful with the selected Applicant(s), the evaluation team may recommend another Applicant(s).
- 2.11.2. In order to protect the integrity of the bidding process, notwithstanding RSA 91-A:4, no information shall be available to the public, or to the members of the general court or its staff, concerning specific responses to requests for bids (RFBs), requests for proposals (RFPs), requests for Applications (RFAs), or similar requests for submission for the purpose of procuring goods or services or awarding contracts from the time the request is made public until the closing date for responses except that information specifically allowed by RSA 21-G:37.

## **2.13. Site Visits**

- 2.13.1. The Department may, at its sole discretion, at any time prior to contract award, conduct a site visit at the bidder's location or at any other location deemed appropriate by the Department, in order to determine the bidder's capacity to satisfy the terms of this RFP/RFB/RFA. The Department may also require the bidder to produce additional documents, records, or materials relevant to determining the bidder's capacity to satisfy the terms of this RFP/RFB/RFA. Any and all costs associated with any site visit or requests for documents shall be borne entirely by the bidder.

Associate shall refrain from disclosing the PHI until Covered Entity has exhausted all remedies.

- e. If the Covered Entity notifies the Business Associate that Covered Entity has agreed to be bound by additional restrictions over and above those uses or disclosures or security safeguards of PHI pursuant to the Privacy and Security Rule, the Business Associate shall be bound by such additional restrictions and shall not disclose PHI in violation of such additional restrictions and shall abide by any additional security safeguards.

**(3) Obligations and Activities of Business Associate.**

- a. The Business Associate shall notify the Covered Entity's Privacy Officer immediately after the Business Associate becomes aware of any use or disclosure of protected health information not provided for by the Agreement including breaches of unsecured protected health information and/or any security incident that may have an impact on the protected health information of the Covered Entity.
- b. The Business Associate shall immediately perform a risk assessment when it becomes aware of any of the above situations. The risk assessment shall include, but not be limited to:
- o The nature and extent of the protected health information involved, including the types of identifiers and the likelihood of re-identification;
  - o The unauthorized person used the protected health information or to whom the disclosure was made;
  - o Whether the protected health information was actually acquired or viewed
  - o The extent to which the risk to the protected health information has been mitigated.

The Business Associate shall complete the risk assessment within 48 hours of the breach and immediately report the findings of the risk assessment in writing to the Covered Entity.

- c. The Business Associate shall comply with all sections of the Privacy, Security, and Breach Notification Rule.
- d. Business Associate shall make available all of its internal policies and procedures, books and records relating to the use and disclosure of PHI received from, or created or received by the Business Associate on behalf of Covered Entity to the Secretary for purposes of determining Covered Entity's compliance with HIPAA and the Privacy and Security Rule.
- e. Business Associate shall require all of its business associates that receive, use or have access to PHI under the Agreement, to agree in writing to adhere to the same restrictions and conditions on the use and disclosure of PHI contained herein, including the duty to return or destroy the PHI as provided under Section 3 (I). The Covered Entity shall be considered a direct third party beneficiary of the Contractor's business associate agreements with Contractor's intended business associates, who will be receiving PHI

Exhibit I

- pursuant to this Agreement, with rights of enforcement and indemnification from such business associates who shall be governed by standard Paragraph #13 of the standard contract provisions (P-37) of this Agreement for the purpose of use and disclosure of protected health information.
- f. Within five (5) business days of receipt of a written request from Covered Entity, Business Associate shall make available during normal business hours at its offices all records, books, agreements, policies and procedures relating to the use and disclosure of PHI to the Covered Entity, for purposes of enabling Covered Entity to determine Business Associate's compliance with the terms of the Agreement.
  - g. Within ten (10) business days of receiving a written request from Covered Entity, Business Associate shall provide access to PHI in a Designated Record Set to the Covered Entity, or as directed by Covered Entity, to an individual in order to meet the requirements under 45 CFR Section 164.524.
  - h. Within ten (10) business days of receiving a written request from Covered Entity for an amendment of PHI or a record about an individual contained in a Designated Record Set, the Business Associate shall make such PHI available to Covered Entity for amendment and incorporate any such amendment to enable Covered Entity to fulfill its obligations under 45 CFR Section 164.526.
  - i. Business Associate shall document such disclosures of PHI and information related to such disclosures as would be required for Covered Entity to respond to a request by an individual for an accounting of disclosures of PHI in accordance with 45 CFR Section 164.528.
  - j. Within ten (10) business days of receiving a written request from Covered Entity for a request for an accounting of disclosures of PHI, Business Associate shall make available to Covered Entity such information as Covered Entity may require to fulfill its obligations to provide an accounting of disclosures with respect to PHI in accordance with 45 CFR Section 164.528.
  - k. In the event any individual requests access to, amendment of, or accounting of PHI directly from the Business Associate, the Business Associate shall within two (2) business days forward such request to Covered Entity. Covered Entity shall have the responsibility of responding to forwarded requests. However, if forwarding the individual's request to Covered Entity would cause Covered Entity or the Business Associate to violate HIPAA and the Privacy and Security Rule, the Business Associate shall instead respond to the individual's request as required by such law and notify Covered Entity of such response as soon as practicable.
  - l. Within ten (10) business days of termination of the Agreement, for any reason, the Business Associate shall return or destroy, as specified by Covered Entity, all PHI received from, or created or received by the Business Associate in connection with the Agreement, and shall not retain any copies or back-up tapes of such PHI. If return or destruction is not feasible, or the disposition of the PHI has been otherwise agreed to in the Agreement, Business Associate shall continue to extend the protections of the Agreement, to such PHI and limit further uses and disclosures of such PHI to those purposes that make the return or destruction infeasible, for so long as Business

Associate maintains such PHI. If Covered Entity, in its sole discretion, requires that the Business Associate destroy any or all PHI, the Business Associate shall certify to Covered Entity that the PHI has been destroyed.

**(4) Obligations of Covered Entity**

- a. Covered Entity shall notify Business Associate of any changes or limitation(s) in its Notice of Privacy Practices provided to individuals in accordance with 45 CFR Section 164.520, to the extent that such change or limitation may affect Business Associate's use or disclosure of PHI.

**(5) Termination for Cause**

In addition to Paragraph 10 of the standard terms and conditions (P-37) of this Agreement the Covered Entity may immediately terminate the Agreement upon Covered Entity's knowledge of a breach by Business Associate of the Business Associate Agreement set forth herein as Exhibit I. The Covered Entity may either immediately terminate the Agreement or provide an opportunity for Business Associate to cure the alleged breach within a timeframe specified by Covered Entity. If Covered Entity determines that neither termination nor cure is feasible, Covered Entity shall report the violation to the Secretary.

A reference in the Agreement, as amended to include this Exhibit I, to a Section in the Privacy and Security Rule means the Section as in effect or as amended.

- f. Survival. Provisions in this Exhibit I regarding the use and disclosure of PHI, return or destruction of PHI, extensions of the protections of the Agreement in section (3) I, the defense and indemnification provisions of section (3) e and Paragraph 13 of the standard terms and conditions (P-37), shall survive the termination of the Agreement.

## APPENDIX C

### Addendum to CLAS Section of RFA for Purpose of Documenting Title VI Compliance

**All DHHS applicants are required to complete the following two (2) steps as part of their application:**

- (1) Perform an individualized organizational assessment, using the four-factor analysis, to determine the extent of language assistance to provide for programs, services and/or activities; and;
- (2) Taking into account the outcome of the four-factor analysis, respond to the questions below.

#### **Background:**

Title VI of the Civil Rights Act of 1964 and its implementing regulations provide that no person shall be subjected to discrimination on the basis of race, color, or national origin under any program that receives Federal financial assistance. The courts have held that national origin discrimination includes discrimination on the basis of limited English proficiency. Any organization or individual that receives Federal financial assistance, through either a grant, contract, or subcontract is a covered entity under Title VI. Examples of covered entities include the NH Department of Health and Human Services and its contractors.

Covered entities are required to take reasonable steps to ensure **meaningful access** by persons with limited English proficiency (LEP) to their programs and activities. LEP persons are those with a limited ability to speak, read, write or understand English.

The **key** to ensuring meaningful access by LEP persons is effective communication. An agency or provider can ensure effective communication by developing and implementing a language assistance program that includes policies and procedures for identifying and assessing the language needs of its LEP clients/applicants, and that provides for an array of language assistance options, notice to LEP persons of the right to receive language assistance free of charge, training of staff, periodic monitoring of the program, and translation of certain written materials.

The Office for Civil Rights (OCR) is the federal agency responsible for enforcing Title VI. OCR recognizes that covered entities vary in size, the number of LEP clients needing assistance, and the nature of the services provided. Accordingly, covered entities have some flexibility in how they address the needs of their LEP clients. (In other words, it is understood that one size language assistance program does not fit all covered entities.)

The **starting point** for covered entities to determine the extent of their obligation to provide LEP services is to apply a four-factor analysis to their organization. It is important to understand that the flexibility afforded in addressing the needs of LEP clients **does not diminish** the obligation covered entities have to address those needs.

## APPENDIX C

Examples of practices that may violate Title VI include:

- Limiting participation in a program or activity due to a person's limited English proficiency;
- Providing services to LEP persons that are more limited in scope or are lower in quality than those provided to other persons (such as then there is no qualified interpretation provided);
- Failing to inform LEP persons of the right to receive free interpreter services and/or requiring LEP persons to provide their own interpreter;
- Subjecting LEP persons to unreasonable delays in the delivery of services.

### **Applicant STEP #1 – Individualized Assessment Using Four-Factor Analysis**

The four-factor analysis helps an organization determine the right mix of services to provide to their LEP clients. The right mix of services is based upon an individualized assessment, involving the balancing of the following four factors.

- (1) The **number** or proportion of LEP persons served or likely to be encountered in the population that is eligible for the program;
- (2) The **frequency** with which LEP individuals come in contact with the program, activity or service;
- (3) The **importance** or impact of the contact upon the lives of the person(s) served by the program, activity or service;
- (4) The **resources** available to the organization to provide effective language assistance.

This addendum was created to facilitate an applicant's application of the four-factor analysis to the services they provide. At this stage, applicants are not required to submit their four-factor analysis as part of their application. **However, successful applicants will be required to submit a detailed description of the language assistance services they will provide to LEP persons to ensure meaningful access to their programs and/or services, within 10 days of the date the contract is approved by Governor and Council.** For further guidance, please see the Bidder's Reference for Completing the Culturally and Linguistically Appropriate Services (CLAS) Section of the RFA, which is available in the Vendor/RFP Section of the DHHS website.

## APPENDIX C

### Important Items to Consider When Evaluating the Four Factors.

#### **Factor #1 The number or proportion of LEP persons served or encountered in the population that is eligible for the program.**

##### Considerations:

- The eligible population is specific to the program, activity or service. It includes LEP persons serviced by the program, as well as those directly affected by the program, activity or service.
- Organizations are required not only to examine data on LEP persons served by their program, but also those in the community who are **eligible** for the program (but who are not currently served or participating in the program due to existing language barriers).
- Relevant data sources may include information collected by program staff, as well as external data, such as the latest Census Reports.
- Recipients are required to apply this analysis to each language in the service area. When considering the number or proportion of LEP individuals in a service area, recipients should consider whether the minor children their programs serve have LEP parent(s) or guardian(s) with whom the recipient may need to interact. It is also important to consider language minority populations that are eligible for the programs or services, but are not currently served or participating in the program, due to existing language barriers.
- An effective means of determining the number of LEP persons served is to record the preferred languages of people who have day-to-day contact with the program.
- It is important to remember that the **focus** of the analysis is on the lack of English proficiency, not the ability to speak more than one language.

#### **Factor #2: The frequency with which LEP individuals come in contact with the program, activity or service.**

- The more frequently a recipient entity has contact with individuals in a particular language group, the more likely that language assistance in that language is needed. For example, the steps that are reasonable for a recipient that serves an LEP person on a one-time basis will be very different from those that are expected from a recipient that serves LEP persons daily.
- Even recipients that serve people from a particular language group infrequently or on an unpredictable basis should use this four-factor analysis to determine what to do if an LEP person seeks services from their program.
- The resulting plan may be as simple as being prepared to use a telephone interpreter service.
- The key is to have a plan in place.

## APPENDIX C

<b>Factor #3 The importance or impact of the contact upon the lives of the person(s) served by the program, activity or service.</b>
<ul style="list-style-type: none"><li>• The more important a recipient's activity, program or service, or the greater the possible consequence of the contact to the LEP persons, the more likely language services are needed.</li><li>• When considering this factor, the recipient should determine both the importance, as well as the urgency of the service. For example, if the communication is both important and urgent (such as the need to communicate information about an emergency medical procedure), it is more likely that immediate language services are required. If the information to be communicated is important but not urgent (such as the need to communicate information about elective surgery, where delay will not have any adverse impact on the patient's health), it is likely that language services are required, but that such services can be delayed for a reasonable length of time.</li></ul>
<b>Factor #4 The resources available to the organization to provide effective language assistance.</b>
<ul style="list-style-type: none"><li>• A recipient's level of resources and the costs of providing language assistance services is another factor to consider in the analysis.</li><li>• Remember, however, that cost is merely one factor in the analysis. Level of resources and costs do not diminish the requirement to address the need, however they may be considered in determining how the need is addressed;</li><li>• Resources and cost issues can often be reduced, for example, by sharing language assistance materials and services among recipients. Therefore, recipients should carefully explore the most cost-effective means of delivering quality language services prior to limiting services due to resource limitations.</li></ul>

## APPENDIX C

### **Applicant STEP #2 - Required Questions Relating to Language Assistance Measures**

Taking into account the four-factor analysis, please answer the following questions in the six areas of the table below. (**Do not** attempt to answer the questions until you have completed the four-factor analysis.) The Department understands that your responses will depend on the outcome of the four-factor analysis. The requirement to provide language assistance does not vary, but the measures taken to provide the assistance will necessarily differ from organization to organization.

<b>1. IDENTIFICATION OF LEP PERSONS SERVED OR LIKELY TO BE ENCOUNTERED IN YOUR PROGRAM</b>		
<b>a. Do you make an effort to identify LEP persons served in your program?</b> (One way to identify LEP persons served in your program is to collect data on ethnicity, race, and/or preferred language.)	Yes	No

Yes	No

<b>assistance to LEP persons, if needed)</b> In general, covered entities are required to provide two types of language assistance: (1) oral interpretation and (2) translation of written materials. <b>5. ENSURING COMPETENCY OF INTERPRETERS USED IN PROGRAM AND THE ACCURACY OF TRANSLATED MATERIALS</b>		
<b>a. Do you make effort to assess the language fluency of all interpreters used in your program to determine their level of competence in their specific field of service?</b> (Note: A way to fulfill this requirement is to use certified interpreters only.)	Yes	No
<b>b. As a general rule, does your organization avoid the use of family members, friends, and other untested individual to provide interpretation services?</b>	Yes	No
<b>c. Does your organization have a policy and procedure in place to handle client requests to use a family member, friend, or other untested individual to provide interpretation services?</b>	Yes	No
